

## StainlessSteel Electric Distil ler

Technical Parameter:

### Features

1. Built-in diverter control structure
2. Bidirectional flow control with easy operation
3. Indicator lights display operational status
4. Water cutoff protection control
5. User-friendly operation and reliable performance

### Electric Distiller, Standard Model

Package Dimensions	Water discharge	Power consumption	Input power
33x24x62 (cm)	3L/h	2.5kw	220V
39x28x76 (cm)	5L/h	4.5kw	220V
42x30x87 (cm)	10Lh	7.5kw	380V
50x40x83 (cm)	20L/h	15kw	380V

### Automatic Water-Cut Electric Distiller

Package Dimensions	Water discharge	Power consumption	Input power
33x24x62(cm)	3L/h	2.5kw	220V
39x28x76(cm)	5L/h	4.5kw	220V
42x30x87(cm)	10Lh	7.5kw	380V
50x40x83(cm)	20L/h	15kw	380V
